For Healthcare Professionals

Orgain.

# The Orgain® Story

Our founder Andrew Abraham, M.D. created Orgain with one simple goal in mind – to put the power of good, clean nutrition in the hands of people everywhere.

After beating cancer at an early age, Andrew devoted himself to medicine. But his passion to find better nutrition inspired him to leave his practice and create foods and beverages based on the belief that real nutrition has the power to make a real difference in people's lives.

Today, Andrew's relentlessly high standards for nutrition, quality, and taste go into everything we create at Orgain.

That means we go the extra mile to hand-select organic and high-quality ingredients to maximize nutrition whenever we can. Our group of culinary nutritionists make sure everything is as delicious as it is clean. And we continue to create more accessible and inclusive options for everyone, including products for adults and kids, that span dairy-based to plant-based, and more.

Simply put, at Orgain, our mission is to help more people live vibrant lives through the power of good, clean nutrition.

**IN GOOD HEALTH,**

A handwritten signature in black ink that reads "Andrew". The signature is fluid and cursive, with the first letter 'A' being particularly large and stylized.

**Andrew Abraham, M.D.**

Founder, Cancer Survivor & Food Entrepreneur

# ***Frequently Asked Questions***

## What is Orgain?

Orgain® is a line of nutritional products including nutrition shakes, protein shakes, protein powders, protein bars and dietary supplements that are packed with nutritious, high-quality ingredients. Just as important as what's in Orgain products is what's not in them: many Orgain products are Certified Organic and all Orgain products are made WITHOUT: GMO ingredients, soy ingredients, gluten, corn syrup, and artificial preservatives, flavors and sweeteners.

## Why is it called Orgain?

The name Orgain was created by the founder of the company, Dr. Andrew Abraham, by combining the words “organic” and “gain.” Orgain has a deep commitment to using organic ingredients, and we believe that people can “gain health, gain energy, and gain life” through clean, wholesome nutrition. Dr. Abraham has personally experienced dramatically improved health and energy by making changes to his diet.

## Where can I buy Orgain products?

Orgain products are available at Orgain.com, at more than 40,000 retail store locations nationwide, and at e-commerce sites like Amazon.com.

## Why does Orgain taste so much better than other nutritional products?

The inspiration for the Orgain formulations comes from Dr. Abraham's kitchen, so the focus is always on real, food-based ingredients. Using premium ingredients like organic cocoa, organic vanilla beans and real organic fruits and veggies makes for delicious products that taste like they come from the kitchen instead of a lab.

## **Are any of the top allergens\* (soy, wheat, eggs, fish, crustacean shellfish, milk dairy, peanuts, tree nuts or sesame) found in Orgain's products?**

Most Orgain products are made without eggs, wheat, soy, fish, or shellfish ingredients. Peanuts, tree nuts, wheat grain, dairy and sesame are used as ingredients in select products; however, several Orgain products are made without any of the major allergens. If any major allergens are present in the product, a “contains” statement will be included on label immediately after the list of ingredients. Please check the list of ingredients for each specific product you are considering.

## **What is the shelf life of Orgain products?**

Powder products are guaranteed fresh 2 years from the date of manufacture if left unopened. Ready-to-drink shakes, bars, and almond milks are guaranteed fresh 12 to 15 months (depending on the product) from the date of manufacture if left unopened. The expiration date is printed on the packaging. We do not recommend consuming expired product.

## **How should I store my products?**

Orgain powders, bars, unopened ready-to-drink shakes, and unopened almond milks are safe when stored at room temperature. Because they taste best when served cold, ready-to-drink shakes and almond milks can also be stored in the refrigerator.

Ready-to-drink shakes should be consumed within two hours after opening if not refrigerated and within 72 hours after opening, if refrigerated. Almond milk should be refrigerated after opening and consumed within 7 days. Powder products mixed into a drink or shake should be consumed within two hours and 24 hours, if refrigerated.

## **Are any Orgain products eligible for reimbursement?**

Orgain Organic Nutritional Shakes, Plant-Based Nutritional Shakes, and Kids Protein Organic Nutritional Shakes and Kids Plant-Protein Organic Nutritional Shakes have HCPCS reimbursement codes. Several national durable medical equipment companies (DMEs) carry Orgain and can help eligible patients obtain insurance coverage for oral nutrition use or tube feeding.

## **How can I get samples of Orgain products for my patients?**

Approved Healthcare Ambassadors have access to the Healthcare Ambassador Sampling Portal, where requesting samples is quick and easy. Orgain allows Healthcare Ambassadors to request samples for their practice (to use in consultation with patients or clients) or to send samples and discount offers directly to patients or clients.

Visit [healthcare.orgain.com/ambassador](https://healthcare.orgain.com/ambassador) to request an ambassador account.

# The Many Ways Orgain Supports Healthcare Professionals

Orgain Healthcare is Committed to Supporting Healthcare Professionals

## Healthcare Ambassador Program & Sampling Portal

Easily request Orgain samples for your practice, send starter kits to your patients' homes and more with Orgain's sampling program.

## Orgain Healthcare App

Review our product catalog, access the Healthcare Ambassador Sampling Portal, listen to our podcast, watch webinars, review resources, and more.

## Wholesale Pricing Program

Allowing healthcare professionals, hospitals and sports teams the ability to purchase Orgain products at a consistent discounted wholesale price for reselling within the practice or for offering to patients, clients or athletes.

## Orgain Healthcare Ambassador Collective Private Facebook Group

A forum to connect with your peers and to exchange ideas and information. Orgain's healthcare team joins you to create a valuable network for sharing experiences and best practices along with product information, educational opportunities and more.

### Professional Education Webinar Series

Provides healthcare professionals with valuable and empowering free professional education, presented by subject matter experts, on topics chosen by you and your peers.

### The Good Clean Nutrition Podcast

Stay in-the-know on the hottest trending topics in health and nutrition with The Good Clean Nutrition Podcast, hosted by Mary Purdy, MS, RDN, an integrative dietitian and nutrition educator.

### Monthly Science Based Briefs and Newsletters

Monthly updates on hot topics in health and nutrition, Orgain products news, recipes, and more.

### Complete Business Dietetic Internship

Orgain invests in the future of the nutrition profession by providing an opportunity for dietetic interns to learn from and gain practical guidance from Orgain's credentialed practitioners.

### Nutrition Advisory Board

Board members help to represent the needs of practitioners and provide credible sources of science based information to help guide our mission.

### Registered Dietitians Available to Answer Questions

We're here to help answer questions, provide support, and to identify ways to collaborate.

***Medical, Health  
& Wellness Applications  
for Orgain Products***

# Medical, Health & Wellness Applications\*

Orgain provides good, clean nutrition that supports the needs of individuals on a variety of medical journeys, or those seeking to optimize their health and wellness.

We have included this section to share some of the many ways that healthcare professionals incorporate Orgain products into nutritional care plans with their patients or clients.

Orgain is proud to have a presence in every hospital featured on the U.S. News 2022-2023 Best Hospitals Honor Roll\*\*

\*\*On formulary and/or recommended to patients by healthcare professionals associated with Orgain's ambassador program.

## Organic All-In-One Nutritional Shakes

- 16g Organic Dairy-Based or Plant-Based Protein
- 20-22 Vitamins & Minerals\*
- 1-2g Organic Fiber\*
- Organic Fruit & Vegetable Blend

\*Varies by product & flavor. Values based on products shown per serving.

### Common Uses

*alphabetical order*

- Cancer
- Cardiovascular Health
- Celiac Disease
- Cystic Fibrosis
- Exclusive Enteral Nutrition
- Food Sensitivities
- Gastroparesis
- Healthy Meal Replacement/Snacking
- Poor Appetite
- Post-Surgery Recovery
- Recovery Fuel for Athletes

### Other Uses

*alphabetical order*

- Digestive Disorders
- Immune Support
- Inflammatory Bowel Disease
- Intermittent Fasting & Time-Restricted Eating
- Lactose Intolerance
- Renal Disease
- Tube Feeding
- Weight Management
- Wound Healing

## Kids Organic Nutritional Shakes

- 8g Organic Dairy-Based or Plant-Based Protein
- 22-23 Vitamins & Minerals\*
- 3-6g Organic Fiber\*
- Organic Fruit & Vegetable Blend

\*Varies by product & flavor. Values based on products shown per serving.

## Common Uses

*alphabetical order*

- Cancer
- Celiac Disease
- Cystic Fibrosis
- Food Sensitivities
- Healthy Meal Replacement/Snacking
- Picky Eaters
- Poor Appetite
- Post-Surgery Recovery

## Other Uses

*alphabetical order*

- Diabetes
- Failure to Thrive
- Feeding Therapy
- Food Neophobia
- Immune Support
- Lactose Intolerance
- Tube Feeding

## High Protein Shakes

- 20–26g Dairy-Based or Plant-Based Protein\*
- 130–150 Calories\*
- 8–14g Carbs\*
- 0–3g Sugar\*

\*Varies by product & flavor. Values based on products shown per serving.

## Common Uses

*alphabetical order*

- Glycemic Management /Diabetes
- Low-Carb Diet
- Portable Healthy Snacking
- Post-Surgery Recovery
- Post-Workout Muscle Recovery
- Protein Repletion
- Weight Management & Bariatrics

## Other Uses

*alphabetical order*

- Cancer
- Celiac Disease
- Cystic Fibrosis
- Gastroparesis
- Osteoporosis
- Poor Appetite
- Sarcopenia
- Wound Healing

## Organic Plant-Based Protein Powders

- 21g Organic Plant-Based Protein
- 150-160 Calories\*
- 15-20g Carbs\*
- 0-1g Total Sugars\*

\*Varies by product & flavor. Values based on products shown per serving.

### Common Uses

*alphabetical order*

- Food Allergies & Sensitivities
- Glycemic Management/Diabetes
- Lactose Intolerance
- Post-Surgery Recovery
- Post-Workout Muscle Recovery
- Protein Repletion
- Vegan/Plant-Based Protein Source
- Weight Management & Bariatrics

### Other Uses

*alphabetical order*

- Cancer
- Celiac Disease
- Cystic Fibrosis
- Gastroparesis
- Inflammatory Bowel Disease
- Renal Disease
- Sarcopenia
- Wound Healing

## Organic Protein Snack Bars

- 10g Organic Plant-Based Protein
- 150-160 Calories\*
- 1-2g Organic Fiber\*
- 4-6g Total Sugars\*

\*Varies by product & flavor. Values based on products shown per serving.

### Common Uses
